

Sloan Hydraulic Retractable Bollard, M30/P1

ITEM: #HB-3430

PRODUCT FEATURES

Retractable Bollards You Can Count On.

Introducing Sloan's Hydraulic Retractable Bollard (M30/P1), designed for top-tier security and controlled access. With rapid deployment and crash-rated features, it ensures robust protection against vehicle threats, while offering the flexibility to retract for roadway and emergency vehicle access when necessary.

- ASTM F2656-07 M30/P1 Certified
- Low maintenance design
- Optional top lights in red, white, and yellow
- Emergency Fast Operation capable

PRODUCT BENEFITS

Reliable. Flexible. Automated.

Pedestrian Friendly

Sloan's retractable bollards are a pedestrian friendly solution with no entrapment points and they also sit flush with the roadway.

Superior Reliability

In the event of a power failure, Sloan's hydraulic rising bollards will remain in a raised position and can be lowered manually, ensuring continued protection.

Rapid Deployment

Sloan's hydraulic retractable bollard is designed for Emergency Fast Operation (EFO) protection. Boasting deployment in 1.5 seconds.

Sloan Hydraulic Retractable Bollard, M30/P1

ITEM: #HB-3430

CERTIFICATIONS

Crash-Rated
